EXPERIENCE

Beriwal Financial Research | Raipur, India

October 2024 - Ongoing

- Provide independent valuation, damages analysis, and financial research services to businesses, attorneys, and financial professionals.
- Conduct industry, market, and transaction research supporting valuation, strategic decision-making, and dispute-related analyses.
- Support engagements involving business valuation, financial modeling, and economic research.

Michel-Shaked Group | Boston, Massachusetts

April 2023 – September 2024

- Supported more than 30 expert witness engagements involving securities litigation, valuation disputes, bankruptcy matters, intellectual property valuation, False Claims Act investigations, and complex commercial disputes.
- Built and audited Discounted Cash Flow, Comparable Company, Comparable Transaction, Event Study, Black-Scholes, and custom damages models used in expert reports and testimony.
- Conducted forensic reviews of opposing expert reports, identifying methodological weaknesses, unsupported assumptions, and valuation inconsistencies supporting rebuttal opinions.
- Drafted expert reports, deposition preparation materials, exhibits, and supporting financial analyses for litigation matters.
- Performed empirical analysis using Python, Capital IQ, and large-scale transactional datasets to support damages and valuation opinions.
- Reviewed debt covenants, restructuring agreements, and transactional documents to assess valuation impacts and support expert opinions in contested matters.

Crowninshield Financial Research | Brookline, Massachusetts

June 2022 - August 2022

- Performed empirical analysis using Python, CRSP, Capital IQ, Bloomberg, and large-scale transactional datasets to evaluate informational efficiency in options markets.
- Conducted data collection, processing, and statistical analysis supporting financial and economic research.

REPRESENTATIVE ENGAGEMENT EXPERIENCE

- Supported expert analyses in securities litigation matters, including market efficiency assessments, event studies, and damages-related analyses.
- Assisted in business valuation engagements involving Discounted Cash Flow, Comparable Company, and Comparable Transaction methodologies.
- Conducted empirical analyses using Python, Capital IQ, Bloomberg, and CRSP datasets to evaluate market behavior and support expert opinions.
- Reviewed opposing expert reports to identify methodological weaknesses, unsupported assumptions, and valuation inconsistencies used in rebuttal analyses.
- Supported intellectual property valuation engagements involving the assessment of economic damages and valuation methodologies.
- Performed large-scale data collection, reconciliation, and analysis of transactional and market datasets supporting litigation and valuation engagements.
- Prepared exhibits, supporting analyses, and research materials used in expert reports and deposition preparation.
